

# Frank Malafronte

*Full-Stack Developer*

203-214-9746 | [frankamalafronte@gmail.com](mailto:frankamalafronte@gmail.com) | [LinkedIn](#)

## Technical Skills

---

Javascript, React, Redux, HTML5, CSS, Sequelize, Node.js, Git, Mocha, Chai, Express, TDD, CI/CD

## Projects

---

**Settlers of Catan** | [Link](#) | [YouTube](#)

*December 2018*

- Built a game board using HTML and CSS
- Designed a demo which allows visitors to test game features without the need to start a four-player game
- Implemented a lobby which can match players utilizing socket.io
- Collaborated with three individuals; took lead on developing the React UI components, CSS design, socket interaction, Redux state changes, and functionality for the 'development deck' portion of gameplay

**Coding Books** | [Link](#)

*November 2018*

- Developed a fully functional E-commerce website for selling coding books
- Headed up implementation of the application's back end, including building API Routes and a database
- Spearheaded Heroku deployment process and continuous integration with Travis CI.

**Stack Timer** | [Link](#)

*November 2018*

- Created a Time Management application in four days to track a user's daily activities.
- Used Google's chart API and the google-react-charts library to create an analytics page
- Developed in four days as part of Fullstack Academy's Hackathon.

## Professional Experience

---

**The Westbury Inn - Bartender/Manager**

*June 2016-March 2018*

- Managed daily operations for a sports bar, including hiring, inventory, pricing, and handling cash
- Increased revenue for a typical Saturday Night by 145% within the first year by generating a consistent customer base through excellent customer service and various promotions
- Implemented karaoke on Tuesday nights, increasing average revenue by 220%

**Chimera Securities - Equity Trader**

*June 2014-April 2016*

- Managed a trading account on behalf of the firm with a buying power of over \$600,000.
- Lead the floor's daily informational meeting starting in December 2014, consolidating many daily informational resources into a short presentation each day including any breaking news since yesterday's close, a brief run-down of the day's IPOs, and any scheduled press releases or events.
- Mentored junior traders in all aspects of trading, including trade setups and market psychology.

## Education

---

**Fullstack Academy**

*December 2018*

13- week intensive software development program based in New York City

**Emory University**

*May 2013*

Bachelor of Arts, History
